The American Community Survey Overview

The American Community Survey

The Foundation

The American Community Survey (ACS) is on the leading edge of survey design, continuous improvement, and data quality

- The nation's most current, reliable, and accessible data source for local statistics on critical planning topics such as age, children, veterans, commuting, education, income, and employment
- Surveys **3.5 million** households and informs over **\$675 billion** of Federal government spending each year
 - Visit 20,000 Group Quarter facilities and sample approximately 194,000 residents each year
- Covers **35+ topics**, supports over **300** evidence-based Federal government uses, and produces **11 billion** estimates each year
- Three key annual data releases:
 - 1-year Estimates (for large populations)
 - 1-year Supplemental Estimates (for small populations)
 - 5-year Estimates (for very small populations)
